ABOUT SAYURI

Sayuri International Co. Ltd., was established in 1998 with a capital of 3 million Japanese Yen and 4 employees. Though there were already many used Japanese car exporters. Therefore, since the beginning, our aim was to build a good returning client base, through competitive prices for the best quality used Japanese cars over time. We have achieved just that in the last 17 years by building a large client base of those who have bought used cars from us at least twice.

Further, we hold a larger portion of market shares with countries like Mauritius, Trinidad, Bolivia, Jamaica and Guyana. The current market shares we hold are 55% at Mauritius, 35% in Trinidad, 22% in Bolivia, 12% in Jamaica, 10% in Guyana etc.

Having an annual turnover of over 5500 million Japanese Yen, we are now one of the leading used car dealers in Japan. With our well groomed and longstanding 33 employees, we now export 800 - 1000 vehicles to over 60 countries every month.

The expansion of business has now helped us evolve into the printing/publishing and hospitality industries in Sri Lanka. We have successfully expanded into Mega Solar Power and Ayurvedic Treatment Industries in Japan since 2015

“

Sayuri International Co., Ltd is a well recognised Japanese used car exporter based in Chiba, Japan.

We have been exporting used Japanese cars and European cars for over 19 years to over 60 countries.

”

PRESIDENT'S MESSAGE

We have been exporting Japanese used & brand new cars, European used cars, all kinds of body and spare parts since 1996. Our foundation company policy is to never supply low quality or post-accident cars for cheaper rates. We are well recognized among majority of car dealers in many parts of the world to be a company that supplies quality cars at competitive rates.

Please do not hesitate to contact our sales representatives online for any immediate query on Japanese used cars and parts.
